

SHOUT-OUTS

The Secondary Principal Team, Renee Liprino, Sam Watkins and Penny Owens, would like to send Shout-Outs to the following staff and students named in our newsletter. Students to the right have been nominated by subject teachers for excellent participation during Week 10.

Year 7

Yalzhini Sathishkumar - Hard work every day since the start of term 1. Always positive, polite and on time; always kind to her peers.
Anegth Deng - Aiming high throughout the term and being respectful

Year 8

Nicole Currie - Effort in science
Tyrese Culhane - Working so hard to perfect his English work
Joshua Lapuaho - Working so hard to perfect his English work

Year 9

Riani Matherson - A great effort on her Literacy spelling test
Remy Etulo - Working really hard on his portrait and achieving 100%

Year 10

Cleveland Addamo Williams - For his perseverance and effort in Maths
Johanne Vaness Gutierrez - Fantastic work on Science test
Kavya Khatri - Fantastic work on Science test

Year 11 VCE

Alana Akama - For working hard to achieve great results in Biology and being very respectful
Shibel Nebu - Outstanding effort in Biology

Year 12 VCE

Gabby Judd - Working hard on self-improvement and achieving her career goals whilst keeping a smile on her face AND helping staff.
Prabhleen Kaur - Fantastic effort in biology
Brody Morton - For showing responsibility towards his learning in VCE Further Maths, catching up on work outstanding due to a Year 12 camp without having to be prompted, and working quietly in class in order to achieve the best results.

VCAL

Crystal Adams - Showing hard work and dedication to running the VCAL Café
Braden Montgomery - Showing hard work and dedication to running the VCAL Café

News & Events

ALPINE SCHOOL VISIT

School for Student Leadership

- Last week Ms Yanni + Mr Abrahams were
- delighted to visit our students at the
- Gnurad Gundidj campus to watch their
- Community Learning Project
- Presentations. We were incredibly proud of
- our students and the projects they are
- bringing back to give back to our school
- community. They have developed an
- abundance of leadership skills and achieved
- awesome goals they set for themselves
- when they arrived. Big congratulations to
- Kalan, Brooke, Deacon, Grace, Gemma,
- Boe, Larna + Jack for proudly representing
- our college.

Year 12 Readiness Day

Last Thursday our Year 12 students celebrated all things important to achieving success in their final year of their schooling. Presentations from Elevate Education, Victoria University, Mrs Moore and our lovely Allied Health Team tackled the big issues ahead this year. Students activated their positive study habits, university and workplace questions and pathways as well as manage and regulate their emotional wellbeing and develop self-care strategies. The students had a fun filled day in their free dress and even participated in the Balloon Tower Challenge!

Renee's Classroom Visits

Netball

Congratulations Intermediate Girls on making the Grand Final!

Awesome playing by Hunter, Kytel, Zac, Paora & Josh of year 8 and Bodhi, Preet & R.J of year 7, who took top honours at the Wyndham Secondary Division of the Junior Boys Interschool Netball Competition at Eagle Stadium on Friday 26th March. Quite a few proud families were there to support and watch their boys in victory. The team now moves onto the regional competition later this year.

Maths Competition

On the 18 of March 2021, select high-ability 7-10 maths students attended the Kangourou Sans Frontières Maths competition. All papers in the maths test had 30 questions and went for 75 minutes. The first 10 questions were current student year level, then they gradually got harder and more difficult to answer within the given time. It was an honour to participate in the competition and most of us are looking forward to the second test somewhere in the middle of August. Overall it was an interesting experience that tested student abilities.

Mrithika Suresh Kumar, 8C

Kangourou Sans Frontières

Question 5

In a group of kangaroos, the two lightest kangaroos weigh 25% of the total weight of the group.

The three heaviest kangaroos weigh 60% of the total weight.

Question:

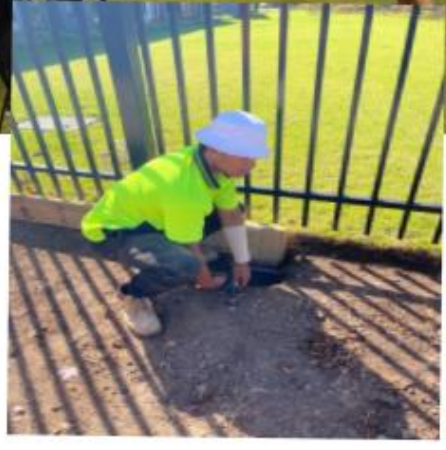

How many kangaroos are in the group?
