## Career Action Plans

Taking the time to research and plan for the future!

Year 12 students have been working on their Career Action Plans over the last few weeks.

Maintaining motivation throughout the ups and downs of the final year of schooling is a lot easier for students if they know what they're working towards; whether that be a university place, an apprenticeship, a job, or any other pathway they want to pursue.

Detailed Career Action Plans involve a lot of research, including: entrance requirements, job opportunities, career progression etc...

## VCAL at work

Business Day

Every Thursday, our VCAL students get to work on their personal development skills and work related skills (as well as literacy and numeracy) by spending the day working in various business groups.

Today I had the pleasure of observing Leanne Vallance's group in Hume 2 who are an arts/craft based group. I got to have a look at some of the baby beanies and rugs they are crocheting and then donating to a few different hospitals as well as some jewelry making and vibrant artwork on terracotta pots. Whilst this was happening, we had another group busy sanding, varnishing and doing yard beautification around the courtyard outside Hume, another group washing our cars and another still working on Café and hospitality skills.

- VCE/VCAL Coordinator Tara Hyatt

## Renee's Classroom Visits

Every week I make it a point of visiting as many classrooms as I can, to look at the great work our teachers and students are doing.

Michael Schier is building problem solving skills in maths.

Nicole Eddy's Year 11 English class are looking at the context surrounding the Australian play, Così.

## Rugby League

Bonnie and Joe took the U16 Rugby League team to play against local schools this week. They were incredibly proud to receive positive feedback from multiple schools about their amazing sportsmanship on and off the field!

## Academy at the A-League

With an important job to do!

On Sunday the 4th of March, the soccer academy and a few girls from the AFL academy attended the Western United soccer game.

We had the opportunity to walk out on the AAMI park stadium holding the banner.

We all had fun and enjoyed ourselves. We are so grateful for the opportunity and very excited to be able to watch live sport again!

- Taylah Rose and Gemma Todd, 91.
