Bring Your Own Device

Year Levels 7 to 12

30th October 2026

"**Bring Your Own Device**" means students bring their own laptop to school. The school provides internet and access to digital resources. Students must use and transport their device safely and store it in their locker, keeping the combination private. **Families are responsible for maintaining the device, including charging it fully at home.**

All Chromebooks and Windows laptops are welcome. Macbooks are supported but tend to be less compatible and are not recommended.

Please note that tablets are not permitted and cannot access our IT systems. Mobile phones and smart watches cannot be used as devices or for any purpose during the school day, following Department of Education policy.
Please think about battery life, screen size, and weight when choosing a device. These factors are important.

Recommended Devices:

Families can buy a device from any major or specialist retailer, but the school has partnered with Edunet to make the process easier. Competitive pricing is offered, but using this service is completely optional.

Edunet provide families with Chromebooks that are robust and designed specifically for school use at a reasonable price point. The program also includes excellent repair and support services, providing families with peace of mind should issues arise. They also offer payment plans.

For purchasing, please access the Edunet portal at:
https://manorlakes.technologyportal.com.au/

Families may also be able to access financial support. Please see the College website for further details: https://manorlakesp12.vic.edu.au/fees-financial-assistance/ or contact the office on (03) 9741 4202. Requests will be reviewed by the Executive Principal and School Council.

The College ICT Helpdesk is in the Eyre building. Technicians help students connect to the network, set up printing, logins, passwords, and troubleshoot issues. For technical support regarding student devices please contact the Helpdesk on (03) 8744 0742 or email itsupport@manorlakesp12.vic.edu.au
